Coverage for your policy is automatic and no further action is required from you. For more information on the types of benefits that are covered under the scheme as well as the limits of coverage, where applicable, please contact us or visit the Life Insurance Association (LIA) or SDIC web-sites (www.lia.org.sg or www.sdic.org.sg).

Nature and Objective of the Plan:

This is a yearly renewable, optional single Premium investment-linked insurance rider that is designed to meet Your wealth accumulation needs. This rider will renew yearly as long as the Basic policy remains in force till the Policy anniversary immediately before the Life insured attains 100 years old. This plan provides protection against death and Terminal illness of the Life insured during the policy term.

This rider allows You the flexibility to choose from Portfolio funds for investment. This rider is subject to the market performance of the assets of the ILP sub-funds. Your investment returns are subject to investment risks, including the possible loss of the principal invested. The value of the units in the Portfolio fund may fall as well as rise depending on economic / market conditions.

This is a guaranteed issuance rider which means that We issue this rider without asking for Your health declaration or medical checks at the time of Application.

Plan Benefit:

Death Benefit

Upon death of the Life insured while the rider is in force, the death Benefit payable is the higher of:

- the Rider account value; or
- 105% of the single Premium of the rider and 105% of the total Top-up(s) of the rider less 105% of any partial withdrawal(s) from the rider;

less any amounts owing to Us.

When We make this payment, the rider ends.

Rider account value is the value of all the units in Your rider less any applicable fees and charges.

Terminal Illness (TI) Benefit

If the Life insured has a Terminal illness while the rider is in force, We will pay the death Benefit in one lump sum.

The maximum aggregate amount payable is Five Million Singapore Dollars (SGD 5,000,000) per Life insured for all policies and riders issued by Us with Terminal illness Benefit.

If the Terminal illness Benefit payable is lesser than the death Benefit, the death Benefit will be automatically reduced by the amount paid for the Terminal illness. The rider remains in force and the remaining death Benefit is the original death Benefit less the amount paid for Terminal illness.

If the Terminal illness Benefit payable is the same as the death Benefit, the rider ends when We make this payment.

Terminal illness is the conclusive diagnosis of an illness that is expected to result in the death of the Life insured within twelve (12) months. This diagnosis must be supported by a specialist and confirmed by the Company's appointed Doctor. Terminal illness in the presence of HIV infection is excluded.

Surrender Benefit

You may surrender Your rider in full or partially through partial withdrawal(s).

Upon full surrender, We will pay the surrender Benefit in one lump sum which is equivalent to the Rider account value, less any amounts owing to Us. You may request for a full surrender at any time after the free look period. We will transfer the surrender Benefit to You via paynow mobile.

There will be a S\$0.70 charge for withdrawal per transaction made via paynow mobile. The S\$0.70 charge will be deducted from the withdrawn amount.

Partial Withdrawal

While the rider is in force, You may request for partial withdrawal(s) at any time, subject to the following:

- the minimum partial withdrawal amount is S\$100 and the remaining amount in the Portfolio fund at the point of withdrawal must be at least S\$100;
- partial withdrawal(s) is not allowed if the remaining amount in the Rider account value falls below the minimum requirement of S\$100 after withdrawal(s).

We reserve the right to revise the partial withdrawal requirement at any time by giving You thirty (30) days' written notice.

You have the following options to receive the partial withdrawal amount:

- Transfer to Your Basic policy.
- Transfer to You via paynow mobile.

If You choose the option to add the withdrawn amount to Your account value of Your Basic policy upon partial withdrawal, no withdrawal from Rider account value is allowed if the withdrawn amount added to the account value of the Basic policy exceeds the maximum Basic policy account value. You may consider the option of transferring via paynow mobile instead if such scenario happens.

If You choose the option to transfer to You via paynow mobile, a charge of S\$0.70 will be imposed for every transaction via paynow mobile and it will be deducted from the transferred amount.

Partial withdrawal(s) will reduce the Rider account value by the withdrawn amount.

Partial withdrawal(s) will be processed proportionately according to the respective ILP sub-funds allocation.

Yearly Renewability

This is a yearly renewable rider and the policy term is 1 year. At the end of 1 year policy term, this rider will be renewed automatically from the renewal date for another 1 year at the same conditions on the expiry date before renewal, so long as the following conditions are met:
